SUMMARY

Creative full-stack web developer with a background in fine arts. Certified by the University of Toronto's prestigious coding boot camp, with a demonstrated passion for problem solving and app development. Collaborative team player with an interest in generating innovative ideas and delivering impactful end products. Excited to apply skills in full-stack web development to deliver intuitive, user-friendly solutions.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React, Bootstrap, jQuery, Handlebars

Back-End: Node, Express, SQL, MongoDB

Methodologies and Concepts: Agile Methodology, Test Driven Development (TDD), Model View Controller (MVC), Object Relational Mapping (ORM), Progressive Web Application (PWA), Application Programming Interface (API), Responsive design

PROJECTS

JDT EventWorks | github.com/ThomasCalle/UTOR-PROJECT-03 | <https://bit.ly/3L5u6iO>

Events management app where users can sign-up to view, create, update, delete and share events efficiently

- Single page MERN (MongoDB, Express, React, Node) stack application
- Developed: server and connections, schemas, profile page, event details page, and login/signup functionality and databases
- Tools: JavaScript, MongoDB, Express, React, Node.js, GraphQL, Nodemon

Codefolio | github.com/MannyAulakh/Codefolio | <https://bit.ly/3R3UuO3>

Professional networking website designed for tech enthusiasts, developers, and programmers to showcase their projects, skills and experiences

- Developed: login/signup page, portfolio page, and general styling
- Tools: JavaScript, HTML5, CSS, Handlebars, Bootstrap, MySQL, Sequelize

WikiGo | github.com/jjocelynn/WikiGo | jjocelynn.github.io/WikiGo

A travel website that integrates Wikipedia and Mapbox API's to provide historical information about searched locations

- Developed: local storage, general page functionality, and integrated Mapbox API
- Tools: JQuery, Mapbox API, MediaWiki API, Materialize, JavaScript, HTML, CSS

RELEVANT EXPERIENCE

SALES ASSOCIATE

2019 - 2023

Da Pop-Up Shop

Toronto, Ontario

- Effectively communicated with customers and coworkers in a professional and welcoming manner, gaining transferable skills relevant to the team-oriented, collaborative work environment found in web development.
- Took initiative and strived for excellence by approaching all tasks with passion, often exceeding expectations and achieving outstanding results.

EDUCATION COORDINATOR ASSISTANT

Jan - Mar 2020

Blank Canvases

Toronto, Ontario

- Adapted a Google Docs contact list into an organized spreadsheet with 200+ lines, resulting in increased efficiency and productivity in the workspace.

- Managed time efficiently, meeting all deadlines and providing high-quality deliverables.
- Crafted visually appealing posters and emails using design principles with a strong attention to detail.
 - The successful campaign exceeded target expectations, resulting in a waitlist of bookings within the first 7 days of launch.

SUPERVISOR

2017 - 2019

Shoppers Drug Mart

Richmond Hill, Ontario

- Demonstrated effective leadership skills by managing a team of 20-25 employees as a trusted key holder responsible for opening and closing facilities, resulting in smooth daily operations.
- Maintained detailed logs for the POS system and prepared regular reports, demonstrating strong organization and time management skills, resulting in improved financial tracking and increased revenue.
- Demonstrated quick thinking and problem-solving skills in handling unexpected situations minimizing workplace incidents.

EDUCATION

Certificate, Full Stack Web Development: University of Toronto

Toronto, Ontario

- 3 month intensive program
- Established strong foundation in web development fundamentals
 - HTML, CSS, JavaScript
- Acquired technical skills to engineer a full-stack web application
 - Servers, databases, API's
- Developed dynamic and responsive single-page applications using the MERN (MongoDB, Express, React, Node) stack
- Collaborative teamwork via GitHub and Slack
 - Version control, branches, merging changes, pull requests
 - Agile methodology

Bachelor of Fine Arts (BFA): Ontario College of Art and Design University (OCADU)

Toronto, Ontario

- Creativity, and problem solving resulting in innovative solutions
- Attention to detail and strong visual mapping
- Self motivated and disciplined- able to manage time and work independently
- Adaptability: able to adjust and evolve based on changing circumstances
- Different perspective on user experience
