SUMMARY

Creative full-stack web developer with a background in fine arts. Certified by the University of Toronto's prestigious coding boot camp, with a demonstrated passion for problem-solving and app development. Collaborative team player with an interest in generating innovative ideas and delivering impactful end products. Excited to apply skills in full-stack web development to deliver intuitive, user-friendly solutions.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React, Bootstrap, jQuery, Handlebars, Responsive design
Back-End: Node, Express, SQL, MongoDB, Application Programming Interface (API)
Methodologies and Practices: Agile Methodology, Test Driven Development (TDD), Model View Controller (MVC), Object Relational Mapping (ORM), Progressive Web Application (PWA)

PROJECTS

JDT EventWorks | github.com/ThomasCalle/UTOR-PROJECT-03 | https://bit.ly/3L5u6iO
Events management app where users can sign up to view, create, update, delete, and share events efficiently
- Single page MERN (MongoDB, Express, React, Node) stack application
- Developed: server and connections, schemas, profile page, event details page, login/signup functionality, and databases
- Tools: JavaScript, Node.js, MongoDB, Apollo Client, GraphQL, React, Bootstrap, JWT-decode

Codefolio | github.com/MannyAulakh/Codefolio | https://bit.ly/3R3UuO3
Professional networking website designed for tech enthusiasts, developers, and programmers to showcase their projects, skills, and experiences
- Developed: login/signup page, portfolio page, and general styling
- Tools: JavaScript, HTML5, CSS, Handlebars, Bootstrap, MySQL, Sequelize, Nodemailer, Bcyrpt

WikiGo | github.com/jjocelynn/WikiGo | jjocelynn.github.io/WikiGo
A travel website that integrates Wikipedia and Mapbox APIs to provide historical information about searched locations
- Developed: local storage, general page functionality, and integrated Mapbox API
- Tools: JQuery, Mapbox API, MediaWiki API, Materialize, JavaScript, HTML, CSS

RELEVANT EXPERIENCE

SALES ASSOCIATE   2019 - 2023
Da Pop-Up Shop   Toronto & Montreal, Ontario
- **Communication**: effectively communicated with customers and coworkers in a professional and welcoming manner
- **Organization**: systematically organized and maintained salesfloor
- **Initiative**: took the initiative to strive for excellence by approaching tasks with passion
- **Accuracy**: handled cash transactions quickly and accurately

EDUCATION COORDINATOR ASSISTANT   Jan - Mar 2020
Blank Canvases   Toronto, Ontario
- **Optimization**: adapted Google Docs pages into a user-friendly spreadsheet with 200+ contacts
  - Increased efficiency and productivity in the workplace
  - Optimized viewability, data management, and data analysis

- **Time management:** managed time effectively, meeting deadlines with high-quality deliverables
- **Visual design:** crafted posters and emails using design principles
  - The successful campaign exceeded target expectations, resulting in a waitlist of bookings within the first 7 days of launch.

SUPERVISOR   2017 - 2019
Shoppers Drug Mart   Richmond Hill, Ontario
- **Leadership**: Demonstrated effective leadership skills by managing a team of 20-25 employees
  - Delegated tasks according to individual strengths
  - Resolved customer and employee disputes calmly and logically
- **Reliability**: Trusted key holder responsible for opening and closing the facility, resulting in smooth daily operations
- **Documentation**: Maintained detailed logs for the POS system and prepared regular reports

EDUCATION

Certificate, Full Stack Web Development: University of Toronto   Toronto, Ontario
- Established a strong foundation in web development fundamentals
  - HTML, CSS, JavaScript
- Acquired technical skills to engineer a full-stack web application
  - Servers, databases, API's
- Developed dynamic and responsive single-page applications using the MERN (MongoDB, Express, React, Node) stack
- Collaborative teamwork via GitHub and Slack
  - Version control, branches, merging changes, pull requests

Bachelor of Fine Arts (BFA): Ontario College of Art and Design University (OCADU)   Toronto, Ontario
Relevant Coursework:
- Creative Process: Art and Code
  - Studio course introducing the basics of Unity
  - Programming as a tool for artistic expression
  - Created interactive artwork with simple sensors and electronics
- Physical Computing: Kinetics
  - Explored the relationship between hardware and software
  - Developed kinetic artworks using programmable microcontrollers (Arduino)
Skills and Qualities:
- Strong attention to detail and proficiency in visual mapping
- Adaptability to evolving circumstances
- Unique perspective on user experience design

HOBBIES AND INTERESTS
- Favorite game: Tetris!
- Digital arts: Premiere Pro, Procreate
- Crafts: Jewelry making, polymer clay, resin, keycaps
- Activities: Swimming, hiking, mountain biking
